Proclamations & Presentations

Public Power Week

~~Garden Club's~~75th Anniversary

Suicide Prevention Awareness

Downtown Tipp City Partnership Report

Mayor Lovett proclaimed the week of October 8th as Public Power Week in Tipp City.

Mayor Lovett presented a proclamation^{naming} the month of September Suicide Prevention Awareness Month. The proclamation was presented to the Tri-County Suicide Prevention Coalition.

Executive Director Matt Owen updated City Council on the status and progress of the Downtown Tipp City Partnership. He noted that the Partnership created a Community Guide that will be used to promote the City. He noted that 5,000 copies were printed. Mr. Owen

stated that the Downtown Partnership was off to a solid start. In August the Partnership became incorporated and is currently seeking 501(3)(c) status. The Farmer's Market concluded on September 15th. The event generated \$5,000 in revenues and drew about 4,000 patrons. He stated that he would be meeting with the participating vendors in October to gain their feedback and begin planning for the 2008 season. The Partnership is planning a Harvest Fest in October and a Holiday Festival in December.

Mr. Collinsworth stated that the Partnership has had a wonderful community response and was moving in the right directions.

President Beagle asked if the City could do more to help the Partnership. Mr. Owen requested continued support and volunteers for future events.

The following ordinances were presented to City Council for second reading and public hearing.

Ordinance 30-07: An ordinance establishing intervening user fees for an 8" sanitary sewer line along Tipp-Cowlesville Rd. between Cayman Circle and Evanston Road.

Clerk of Council Summary: Eight properties will be served by this sanitary sewer line and the total construction costs will be split evenly among those property owners.

City Manager Report: The S. Hyatt Street sanitary sewer line extension project is complete and Council must pass legislation establishing intervening user fees for property owners desiring to tap into the service. Mr. Collinsworth stated that the total project cost was \$97,303.51, creating a \$12,162.94 intervening user fee at the time of tap-in for each of the eight affected parcels. This fee is only paid if and when a property owner ties into the service.

There being no further discussion, Mr. Hale sponsored this ordinance and moved for its adoption, seconded by Mayor Lovett. The motion unanimously carried, 7-0. Ordinance 30-07 was declared passed and President Beagle affixed his signature in witness thereto.

Ordinance 31-07: An ordinance accepting the amounts and tax rates as determined by the Miami County Budget Commission, authorizing the regular statutory tax levies authorized and allowed by law thereby for the Municipality of Tipp City, Ohio, for such fiscal year beginning January 1, 2008 and certifying such levies to the County Auditor.

Clerk of Council Summary: This legislation approves the rate of property tax to be levied for municipal purposes at 1.4 mills in Tipp City for fiscal year 2008. This rate is the same as the 2007 rate.

City Manager Report: The Miami County Budget Commission met and approved the City's authorized "inside" millage property tax rate for 2008. Tipp City's current levy millage is at 1.4 mills. Mr. Collinsworth noted that the inside millage refers to the 10 mill property tax limitation. The County determines how the various taxing jurisdictions will split the

10 mills, which is theoretically based upon the tax budget Council adopted this summer. One key difference with inside millage is that it is not "rolled back" like voter approved millage to account for increases in property valuation. This revenue source, though far from the City's largest, is not insignificant in the City's total revenue stream as it is estimated to generate \$376,424 in FY2007 revenues. Mr. Collinsworth noted that next year's receipts may decline due to the State's restructuring of the tax code to phase out personal property taxes. He added that only about 3.4 cents of every property tax dollar paid comes to the City with the balance going to the schools, the County and other taxing jurisdictions. Approval of this ordinance assures that Tipp City will continue to collect the 1.4 mills of property tax, which records indicate goes back to the 1920's.

There being no further discussion, President Beagle sponsored this ordinance and moved for its adoption, seconded by Mr. Ochs. The motion unanimously carried. Ordinance 31-07 was declared passed and President Beagle affixed his signature in witness thereto.

**Resolutions
(One Reading
Required)**

Resolution 30-07
Source Water
Protection Grant

The following resolutions were presented to City Council for adoption.

Resolution 30-07: A resolution authorizing application to the Miami Conservancy District for a Source Water Protection Grant in the amount of \$50,000.00

Clerk of Council Summary: This resolution authorizes the filing of a grant application in the amount of \$50,000 for certain groundwater protection activities. Funds would be used to evaluate and monitor potential groundwater pollution sources.

City Manager Report: This grant program offers the City an avenue to initiate the monitoring and evaluation of potential pollution sources that may pose a threat to the City's drinking water supply. Staff recommended applying for a \$50,000 grant that would be matched by the City's Water Fund in the amount of \$16,667.

There being no further discussion, Mrs. Blakey sponsored this resolution and moved for its adoption, seconded by Mr. Hale. The motion unanimously carried. Resolution 30-07 was declared passed and President Beagle affixed his signature in witness thereto.

Resolution 31-07
Emerald Ash Borer
(EAB) Plan

Resolution No. 31-07: A resolution adopting the City of Tipp City's Emerald Ash Borer Management Plan.

Clerk of Council Summary: The Tree Board has studied and investigated the potential damage and destruction to American Ash trees caused by the invasive Emerald Ash Borer and have prepared a Management Plan for adoption by City Council.

City Manager Report: Mr. Collinsworth noted that Council discussed this subject in post-meeting study session on August 20th. Staff and the Tree Board have completed and recommended an Emerald Ash Borer Management Plan be adopted by the City of Tipp City.

Mrs. Blakey asked if the City would remove the stumps of the Ash trees. Mr. Collinsworth noted that the City contracts with a company that does tree stump grinding in the spring and fall.

There being no further discussion, President Beagle sponsored this resolution and moved for its adoption, seconded by Mr. Evans. The motion unanimously carried. Resolution 31-07 was declared passed and President Beagle affixed his signature in witness thereto.

**Ordinances
(First Reading)**

**Code Amendment
Concealed Carry in
Parks**

The following ordinances were presented to City Council for first reading. The second reading and public hearing will be held on October 1, 2007.

An ordinance amending Section 96.01 of the Code of Ordinances of the Municipality of Tipp City, Ohio to comply with the Ohio Revised Code on persons permitted to carry concealed handguns.

President Beagle noted that this ordinance was tabled at the September 17th meeting due to concerns about the school's use of certain park facilities and property. Mr. Ochs moved to remove this item from the table, seconded by Mayor Lovett. The motion unanimously carried.

Mr. Collinsworth noted that the Law Director had reviewed the ordinance and chose to prepare a revised ordinance. President Beagle noted that the old ordinance should be withdrawn. Mr. Hale moved to withdraw the legislation presented to City Council on August 20 concerning concealed carry in parks, seconded by Mayor Lovett. The motion carried 7-0. Mr. Hale then sponsored a new ordinance.

Clerk of Council Summary: This legislation amends City Code to be consistent with state law as it relates to the concealed carry of handguns in all Tipp City public parks and nature areas.

City Manager Report: Mr. Collinsworth stated that the new ordinance addressed restrictions that may apply to the City's recreation facilities and properties when being utilized for school activities. Mr. Collinsworth stated that the purpose of this ordinance was to synchronize with state law, which was recently amended to permit concealed carry of firearms.

Law Director Moore stated that the revised ordinance prohibits the carrying of concealed weapons at school activities that occur on City owned land.

Fluoridation

Mayor Lovett sponsored an ordinance authorizing the City Manager to adjust the fluoride content of the water supply of the City of Tipp City.

Clerk of Council Summary: This ordinance authorizes the NAWA plant to fluoridate the City's water supply consistent with state law.

City Manager Report: The Ohio Revised Code requires public water systems to add fluoride to their water. The required range is from 0.8 milligrams/liter (mg/l) to 1.3 mg/l. Mr. Collinsworth noted that the

Recreational Trail
Land Acquisition

NAWA plant has the capability to fluoridate the City's water supply consistent with state law. He noted that the Ohio EPA has recommended that the fluoride level be set at 1.0 mg/l.

Dr. Chuck Smith, a local dentist, supported the proposed fluoridation level. He stated that children under the age of 12 will benefit most from the fluoride by reducing decay by 40-60%, which will directly benefit poor families without insurance.

Mayor Lovett asked if the fluoride level would be harmful to humans or stunt the growth in children. Dr. Smith disagreed with both comments.

Mr. Mains sponsored an ordinance authorizing the City Manager to purchase certain real property in the amount of 6.252 acres from George C. Timmer, Trustee at a cost not to exceed \$31,606.

Clerk of Council Summary: The purchase of these 6.252 acres will allow for the completion of the recreational trail segment between Kyle Park and Canal Lock Park.

City Manager Report: By acquiring this parcel the City would ensure completion of the recreational trail segment between Kyle Park and Canal Lock Park.

Park Use Code
Amendment

Mr. Ochs sponsored an ordinance amending Section 96.01 of the Tipp City, Ohio Code of Ordinances regarding public use of parks and nature areas.

Clerk of Council Summary: This proposed code amendment would allow certain exemptions of the currently codified park hours on a case-by-case basis at the discretion of the Parks Advisory Board.

City Manager Report: This code amendment creates exemptions, to be granted by the Parks Advisory Board, on a case by case basis and authorizes the Board to establish fees to compensate the City for extraordinary costs associated with such requests.

Motions
Set Public Hearing
Glaser Rezoning

Mr. Evans moved to schedule a public hearing on October 15, 2007 to consider the rezoning of +/- 0.5881 acres located at 1330 E. Evanston Road from R-1 to R-1A zoning designation, seconded by Mr. Ochs. The motion unanimously carried.

Harvest Festival
Agreement

Mrs. Blakey moved to authorize the City Manager to enter into an agreement with the Downtown Tipp City Partnership and permit them to acquire a Class F liquor license for a Harvest Fest, seconded by Mayor Lovett. The motion carried 7-0.

Miscellaneous
Big Tree Contest

Monroe Township Trustees were awarded the 2007 Big Tree Award for 2007. The winning tree is located in Maple Hill Cemetery and has a circumference of 244 inches. The tree was nominated by Larry and Sandy Hagen who received a certificate.

Citizen Comments

Joseph Kourne, 1537 Beavercreek Lane, Kettering, Ohio, asked God to pray for our country and our troops overseas. He thanked the United States for providing citizens with unlimited opportunities.

**Council Member
Comments**

Teejay Dziedzic, 81 Warner Drive, stated that Tipp City's existing skate park was unsafe, undesirable, and inaccessible. He requested that a new park be designed and relocated to City Park. Mr. Dziedzic was directed to take this issue up with the Park Advisory Board. Mr. Collinsworth noted that their next meeting would be held on August 18th at 5:30 p.m.

Joe Gibson, 703 Nelson Court, invited City Council to attend KIT-TV's Open House on September 21st from 7 – 9 p.m. As Vice-President of the Tipp Monroe Cable Access Commission, Mr. Gibson explained the recent upgrades. He noted that the cable access channel is now Channel 5.

Mr. Mains noted that the Tipp City Rotary Club and Soroptimist International of Tipp City were hosting a Spaghetti Supper on Friday, September 21st from 4 – 7:30 p.m.

Mrs. Blakey noted that the Mum Festival was this weekend. She asked citizens to participate or support runners of the 5K Run for the Mums on Saturday morning.

Mr. Evans thanked City Council for excusing him from the last meeting. He stated that he would have much rather been at the City Council meeting than been stuck in the O'Hare International Airport.

Mayor Lovett thanked the Mum Festival Committee for their hard work in preparation for the upcoming event.

President Beagle thanked the Tree Board for sponsoring the Big Tree Contest. He encouraged citizens to attend the Volley for the Cure event at Tippecanoe High School on October 2nd. Players and attendees will wear pink and proceeds will support breast cancer research.

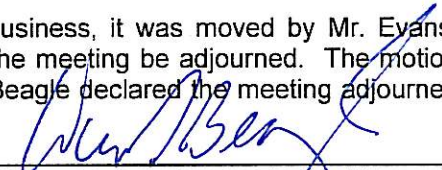

**City Manger
Comments**

Mr. Collinsworth announced that Miami County Sanitary Engineering Department would be sponsoring an electronics recycling program on Saturday, September 22nd from 9 a.m. – 1 p.m. The cost is \$0.25 per pound.

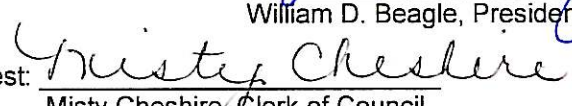

Beginning October 8th, Park Avenue and Main Street will be closed for 2 weeks to allow railroad repairs.

Adjourn

There being no further business, it was moved by Mr. Evans, seconded by Mayor Lovett, that the meeting be adjourned. The motion unanimously carried. President Beagle declared the meeting adjourned at 8:50 p.m.
